Physical Education Waiver

Physical Education: Per Florida Statutes § 1003.455, one class period per day of physical education for one semester of each year is required for students enrolled in grades 6 through 8.

The requirement shall be waived for a student who meets one of the following criteria:

The student is enrolled or required to enroll in a remedial course; or

The student's parent requests in writing to the school that the student enroll in another course from among those courses offered as options by the school district; or

The student's parent indicates in writing to the school that the student is participating in physical activities outside the school day which are equal to or in excess of the mandated requirement.

This Statute requires each school board to notify parents of the options available to them prior to scheduling a student in physical education. Unless your child meets one of the waiver criteria listed above, he/she will be enrolled in physical education for a minimum of one semester of each year while in grade 6 through 8.

I request that my child's Physical Education requirement for the 2025-2026 School Year be waived.
